About the Senator Gallivan – West Seneca, NY Event

Rain or shine... drive through and we'll unload your electronics!

Acceptable Materials For Recycling: www.sunnking.com/acceptable-materials

Limit of two CRT (tube) monitors or televisions per vehicle.

The event will take place as scheduled or until we reach capacity, this being 10 – 20 trailers full of electronics. Due to the overwhelming success of events, we've found we must stop collecting as our logistics reach maximum capabilities the day of the event if necessary.
